

PONDEROSA WHISKEY CO.

PECAN WHISKEY

Pecan Whiskey Reserve was born from the collaboration with Lucero Farms in Las Cruces, where pecans thrive under the New Mexico sun. Crafted with 100% organic corn distillate and the pure mountain water of Taos, this whiskey is infused with pecans through an extended process, allowing the rich, full-bodied essence of the nut to develop fully within each barrel-age batch.

With every sip, experience the deep, toasted warmth of pecans intertwined with the smooth, balanced character of this rare whiskey—a craft that honors tradition, innovation, and the daring Spirit of the Southwest.
